

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

NEWSLETTER 2024-25

VISION OF OUR COLLEGE

- To create competent technocrats from diverse backgrounds through world-class holistic technical education in electrical engineering, for the development of student's character and skill and promoting the success of our nation.

MISSION OF OUR COLLEGE

- To nurture the student's creativity, hidden skills and personality development by providing expedient education and enabling them to make positive impact on the society.
- To create the students to work effectively in diverse conditions by maintaining high level academic standards through our core values of honesty, dedication and excellence.
- To explore various engineering techniques to enhance quality of education for students through innovative teaching learning methodology.
- To create successful industry ready electrical engineers through cutting edge technology.

VISION OF OUR DEPARTMENT VISION

- To deliver holistic technical education of high standards that creates competent technocratic leaders of the future, from diverse backgrounds, who will power India to greater heights, and to combine with a holistic approach for the development of character and skills of students.

MISSION OF OUR DEPARTMENT

To achieve and realize our Vision by

- Providing a conducive academic environment to our students that promotes creativity, nurtures hidden talents and develops self-confidence
- Maintaining high level of academic standards by keeping abreast of newer technologies and tools in both teaching and communication
- Providing quality education to impart basic engineering knowledge commensurate with a diploma level qualification
- Taking efforts to prepare students to be 'Industry-ready' at the time of leaving our college
- And to achieve the above without any compromise to our core values of Honesty, Sincerity, Dedication, Trust & Excellence

Statement of PSOs

- PSO 1: Diploma Electrical Engineers have the ability to provide technical solutions for problems in electrical machines, power system and industrial automation systems using appropriate tools and technique.
- PSO 2: Diploma Electrical Engineers have the ability to effectively operate, maintain and test equipment, while adhering to safety protocols and promoting sustainable practices.

Statement of PEOs

- Diploma Electrical Engineers will have adequate knowledge to troubleshoot and fix technical issues easily in the relevant field.
- Diploma Electrical Engineers will have the ability to work with multi-disciplinary environment.
- Diploma Electrical Engineers will have technical skill to be a life-long learner and to become professionals.

INDUSTRIAL VISIT

Department of Electrical and Electronics Engineering has arranged an Industrial visit on 20.05.2025 to 09.06.2025 for the students of 2ND & 4TH Sem to LEAFSOL SOLAR. Students get trained to how to install solar panels, solar heaters, Maintenance and repair works etc... This would be helpful to start a company or to join to related work companies. They also got certificates from leaf sol solar company.
